## Metal parts

A slightly damp cloth is the best cleaning agent for the metal parts.

## Fixings

Periodically check all fixings to ensure none have come loose and re-tighten where necessary.

## Glass and acrylic furniture

Use glass cleaner or soapy water for cleaning, do not use anything abrasive as this may damage the surface of the product. Protect surfaces from scratches and marks by using mats and coasters.

## Safety Instructions

Never drag furniture when moving it, always lift it.

Periodically check all fixings to ensure none have come loose and re-tighten where necessary.

Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person. No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

It is recommended that before moving heavy objects to a new location they are completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.
